

HELISKI WITH JÉRÉMIE HEITZ

13th - 21st FEBRUARY 2021

A week of heliskiing in the Kaçkar mountains with Jérémie Heitz, "the big face freeride skier."

THE KAÇKAR MOUNTAINS, AN INCREDIBLE PLAYGROUND!

"During my first heliski trip to the Kaçkar mountains I was immediately impressed by the immensity of this playground perfectly suited to freeride. This area offers everything a freerider could possibly want, imposing couloirs, beautiful faces that are well supported and a varied playful terrain. In addition to this, the quality of the snow conditions makes this a destination not to be missed."

-JÉRÉMIE HEITZ

"Riding, pleasure and freedom. This is what the powder fields of the Kaçkar mountains have to offer."

JÉRÉMIE, YOUR ATYPICAL FREERIDER

After finding initial success in alpine ski racing, Jérémie turned his attention to freeride skiing. Together with the Falquet brothers he filmed segments for movies and spent a number of years on the Freeride World World Tour where he became recognised for his fast, fluid lines. He now dedicates his time to riding the steepest and most imposing snow faces of the world in his unique style whilst documenting these adventures in his ski films including both 'La Liste' and 'Race the Face'.

I have the good fortune of being able to live my passion and am able to share these emotions with others through the films I create. This new adventure in Turkey gives me an opportunity to share my knowledge and experience with others passionate about riding powder.
